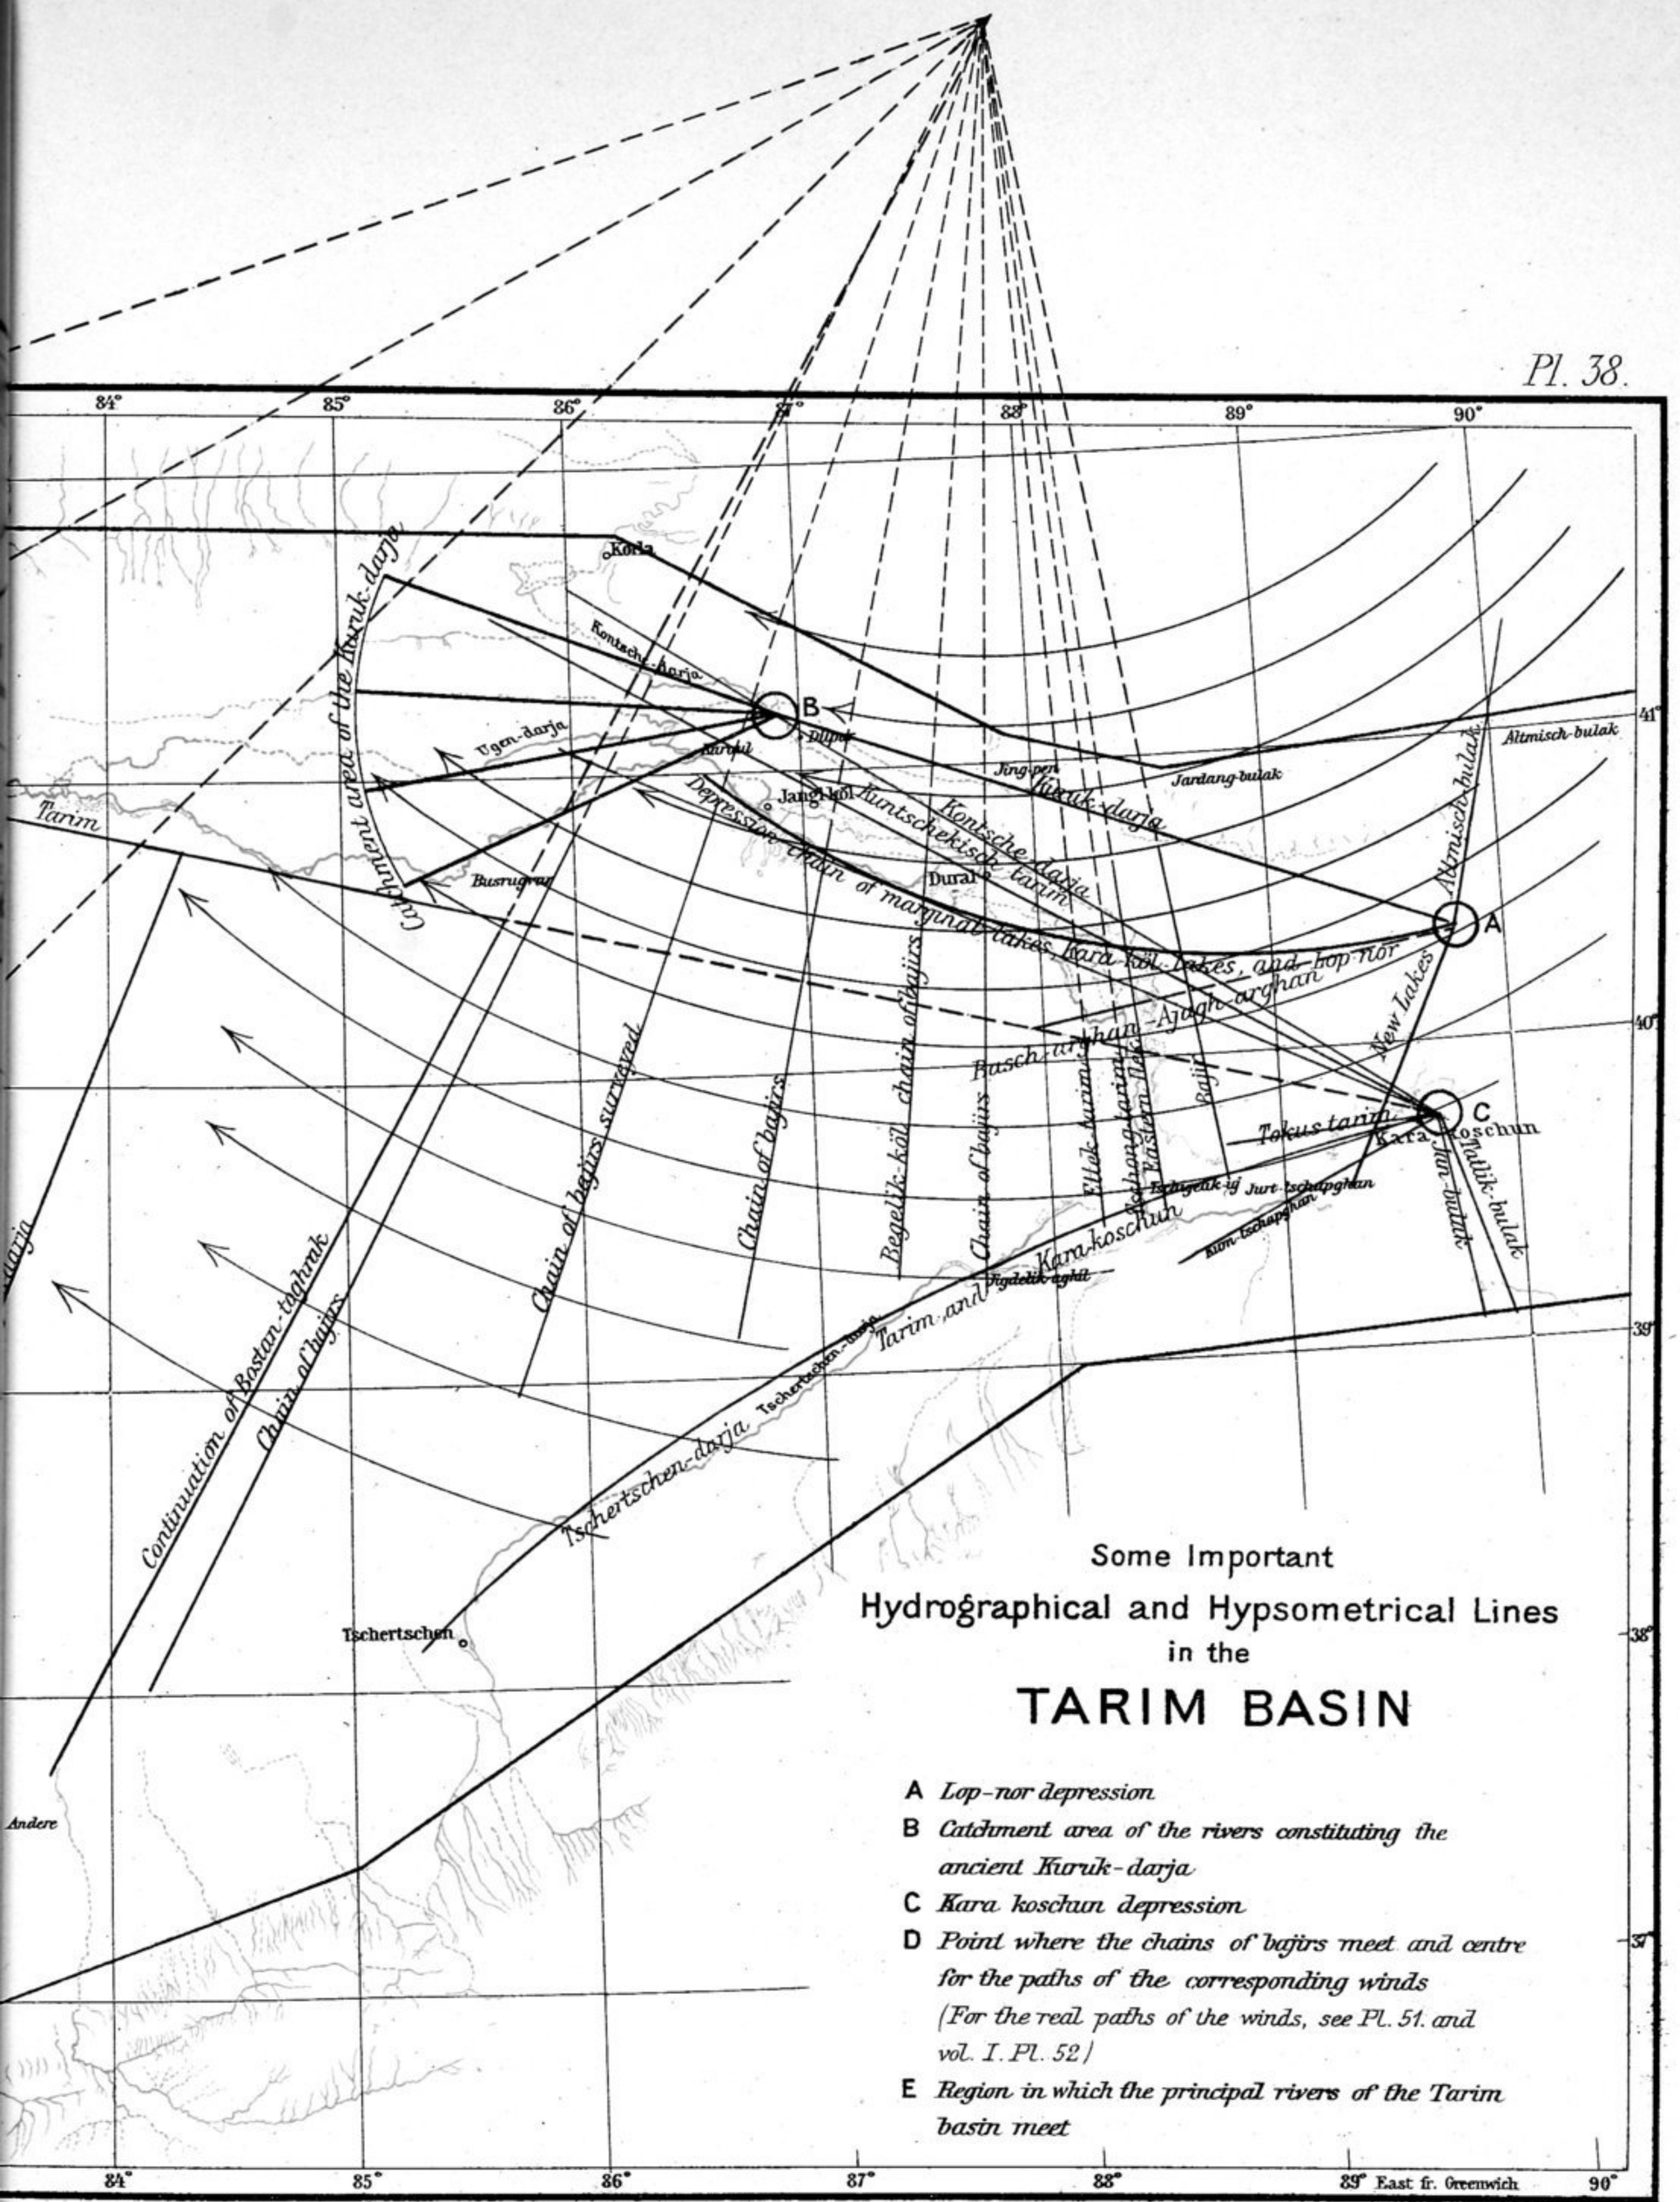
Pl. 38.



Some Important

Hydrographical and Hypsometrical Lines

in the

TARIM BASIN

- **A** *Lop-nor depression*
- **B** *Catchment area of the rivers constituting the ancient Kuruk-darja*
- **C** *Kara koschun depression*
- **D** *Point where the chains of bajirs meet and centre for the paths of the corresponding winds*
  (For the real paths of the winds, see Pl. 51. and vol. I. Pl. 52)
- **E** *Region in which the principal rivers of the Tarim basin meet*

Gen. Stab. Lit. Anst. Stockh.
