

and Mr. G. E. H. Barrett-Hamilton, F.Z.S., for allowing me to publish his Paper on my collection of Mammals.

Of a more special character is my gratitude towards the many friends who showed me kindness during two long weary months spent in the Ripon Hospital at Simla.

I am indebted to the Royal Geographical Society for allowing me to reproduce the map which is a reduction from all the sheets of my maps published by the Survey of India.

Throughout this work I have been actuated by one main idea, and that is to record the more interesting features of my journeys without in any way exaggerating.
