VII

A GEOLOGICAL AND PHYSIOGRAPHIC RECONNAISSANCE IN CENTRAL  
TURKESTAN.

|   | Page. |
|---|-------|
| Itinerary .....   | 159   |
| Plan of report.....   | 160   |
| The Paleozoic series.....   | 160   |
| The Mesozoic-Tertiary series.....   | 163   |
| Comparison with American formations.....                                  | 166   |
| The Tertiary peneplain.....   | 167   |
| The Quaternary uplift.....  | 169   |
| Consequent drainage.....  | 169   |
| Long continuance of processes of deposition and uplift.....               | 170   |
| Physiographic provinces.....  | 171   |
| The Tian Shan Plateau.....  | 171   |
| The Kashgar Basin.....  | 175   |
| Subsidiary basins.....  | 176   |
| Loess .....   | 178   |
| The Alai Mountains.....   | 178   |
| The Alai Valley.....  | 179   |
| The Fergana Basin.....  | 181   |
| The Quaternary period.....  | 182   |
| Glaciation .....  | 182   |
| Distribution of glaciers and amount of erosion.....                       | 182   |
| The subdivision of the glacial period in Asia.....                        | 183   |
| An older and a younger glacial epoch.....                                 | 184   |
| Five glacial epochs.....  | 186   |
| Moraines of the Jukuchak Valley.....                                      | 186   |
| Moraines of the eastern Khoja Ishken Valley.....                          | 187   |
| Moraines of the Mudirum Basin.....  | 190   |
| Moraines of the Yak Tash Basin.....                                       | 192   |
| Moraines of the Kan Su Valley.....  | 193   |
| Moraines of the Taka Valley.....  | 196   |
| Summary of the glacial period.....  | 199   |
| Comparison of the glaciation of Asia with that of America and Europe..... | 200   |
| Terraces .....  | 201   |
| Lakes .....   | 208   |
| Summary .....   | 214   |

## THE BASIN OF EASTERN PERSIA AND SISTAN.

|   |     |
|---|-----|
| Introduction .....  | 219 |
| Route .....   | 220 |
| Literature .....  | 221 |
| Outline of report.....  | 222 |
| The physiography of Eastern Persia.....                             | 225 |
| Climate: The cause of the desolation of Persia.....                 | 227 |
| The basin region of Iran.....                                       | 230 |
| The two basins of Iran.....   | 230 |
| Geological history of the basins.....                               | 232 |
| Illustrations of the geological history of northeastern Persia..... | 233 |
| The mountains of Khorasan.....                                      | 233 |
| Kopet Dagh.....   | 233 |
| The Meshed Basin.....   | 235 |
| The Kuchan earthquake.....  | 236 |
| The Binalud range and the neighboring basins.....                   | 237 |
| The Afghan depression.....  | 237 |
| The Heri Rud Valley.....  | 237 |
| The extinct lake of Zorabad.....                                    | 239 |
| The Afghan depression south of the Russo-Afghan boundary.....       | 240 |
