

1

The first part of the paper is devoted to a general discussion of the problem. It is shown that the problem is well-posed in the sense of Hadamard. The second part is devoted to the construction of the solution. The third part is devoted to the study of the properties of the solution. The fourth part is devoted to the study of the stability of the solution. The fifth part is devoted to the study of the convergence of the solution. The sixth part is devoted to the study of the error of the solution. The seventh part is devoted to the study of the numerical solution. The eighth part is devoted to the study of the application of the solution. The ninth part is devoted to the study of the conclusion. The tenth part is devoted to the study of the references.
